

Professional Bio - Shawn Norris

Shawn Norris, Ed K-12, NIC, CoreCHI, currently works at Flagler Health+ in St. Augustine, Florida as the Coordinator of Interpreting Services, Section 1557 and ADA Coordinator, and ASL Interpreter. He created the Interpreting Services program and provided a more robust service to the community. Due to being raised by Deaf parents, Shawn has close ties to the local Deaf community and serves as an advocate and volunteer. He spends time mentoring new interpreters both at work as a licensed interpreter trainer and as a volunteer. Shawn has been in the interpreting field for over fifteen years, serving as an interpreter and manager for several companies and government agencies. Previously, he established a local agency that provided interpreting services in ASL and Spanish. In addition to his extensive interpreting experience, Shawn is a long-time public speaker and has worked on several translation projects for a free Bible education work for the Deaf. Shawn's interests include spending time with his family, reading nonfiction, and football.
