

Candidate Statement (Video attached):

Hi! I'm Hope Diehl. I've been interpreting here in Central Florida for about 11 years, working in various settings such as school, medical, conference, as well as VRS. I started serving with FRID on January 1st of this year. My goal in running again is to continue in that role. The role I currently serve is Vice President of Internal Affairs. Since I joined, we've had many new members to the board and to committees as we've grown. We've all become acquainted with each other and our respective roles and are ready to really get work done for our members and for the organization. I'm happy to be involved and hope to continue my involvement. Thank you for your consideration! Bye!
