

Hello everyone! My name is Kayla Ellison and I am currently serving as the FRID Board Treasurer. The Treasurer role sat vacant for a long time before I was appointed in March of this year. Though my time in this role has been short, I would like to continue working in that capacity for the next two-year term.

I believe that I am qualified for this position due to my budgeting skills and organizational nature. Since I have taken over the position, I have organized and submitted all deferred paperwork and resumed regular accounting and budgeting activity. I have worked with the Board to ensure that FRID maintains it's healthy financial status so that it can continue to serve the membership. I am motivated and looking forward to seeing what happens in the coming years. Thank you for your time!
